

HIGH PERFORMANCE SYSTEMS

1201 American Superior Boulevard • Winter Haven, Florida 33880

Dear Customer,

High Performance Systems, Inc. ("HPS") is pleased to announce that on August 1st, 2017 BEST Engineered Surface Technologies, LLC d/b/a Windsor Metal Finishing ("Windsor") has acquired a majority of HPS' operational assets. Windsor will continue to operate the HPS site with HPS' existing staff until Windsor's expansion site is completed in Kissimmee, FL.

HPS' President and owner Mr. Richard Muto stated, "I'm excited to sell HPS' assets to Windsor and provide continued employment for my staff." He also stated with reference from his operating partner Mr. John Taylor, "John and I will continue to support Windsor and HPS during this transition to ensure that our customers receive the highest quality and service that they have received during our tenure as owner/management of HPS."

Windsor's President and CEO Mr. William Faucett stated, "We are thrilled at the opportunity to acquire HPS' assets and continue the strong market reputation of HPS. We look forward to working with HPS' customers to ensure a smooth transition." In addition to Mr. Faucett, the management team at Windsor along with the staff at HPS will work hard to ensure minimal interruption of services during the transition and that the change will be as seamless as possible for the HPS customers.

Windsor's acquisition of HPS' operational assets will make the combined company one of the largest if not the largest coating application site in the Southeast United States. The combined company will provide its customers the largest coating capacity allowing them timely service turnarounds and the highest quality of coating applications.

BEST is owned by Sowell & Co. a Dallas based family office.

If you have any questions, please contact William Faucett at (407) 932-0008 or BFaucett@windsorinc.net.
